

Professional Year by CFS

What is the Professional Year by CFS Space?

Professional Year by CFS is designed to help PY advisers make significant headway into their education requirements while also offering them

a unique opportunity to connect and collaborate with a community of their peers. By providing PY advisers with support and encouragement throughout this critical time in their careers, this space hopes to set them up for success so they can positively and confidently contribute to the advice industry.

Who is this space for?

Professional Year Candidates & Aspiring Advisers

To improve their technical knowledge and soft skills, find information to navigate the PY and broaden their network by connecting with industry peers.

Professional Year Supervisors

To give supervisors access to relevant and useful information to understand their responsibilities and support their new entrants moving through their Professional Year.

Associate Advisers

To help associate advisers improve their technical knowledge, and connect with other up and coming advisers and other experienced advisers.

How to join

Click 'Professional Year by CFS' on the left navigation menu. Once you're inside the space, click "Join Us" at the top right corner of the space.

Inside the space, you can join real-time conversations in the 'Posts & Discussions' section, view the 'Education Library', add upcoming 'Events' to your calendar and download the Professional Year by CFS guide in the 'Getting Started' section of the space.
